COVID, Cold, and Flu Care Clinics (CCFCCs) in the Niagara region

Health-care professionals are equipped to test, assess, and provide treatment for people with COVID-19 and other cold and flu-like illnesses.

Scan the QR code with the camera on your mobile phone for more information or visit noht-eson.ca/ccfcc. The hours of operation are located below.

If you have symptoms of a respiratory illness: **Call your doctor or nurse practitioner as the first option for guidance and care.**

A person who does not have a doctor or nurse practitioner or their symptoms are worsening: **Book an appointment at a CCFCC to determine next steps.**

Someone with severe symptoms should: **Go to their nearest emergency department or call 9-1-1.**

Niagara residents can also access Health Connect Ontario's assessment tool, visit UrgentCareOntario.ca for an online appointment, or stop by a walk-in clinic.
